Eklind®

ERGO-FOLD™ KEY SETS Eklind

ERGO-FOLD™ KEY SETS

Feel The Difference!

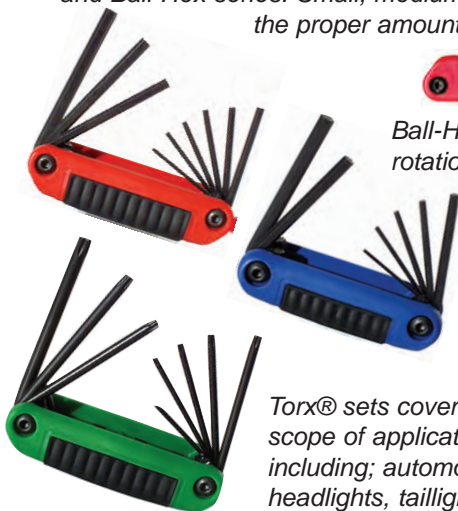

Ergo-Fold™ Key Sets feature a composite grip handle shaped for superior ergonomics. A soft cushion-grip insert offers comfort and slip resistance, while a hard shell provides maximum strength. Eklind keys provide extra reach for safer clearance from your work.

Eklind Ergo-Fold™ Key Sets can be used at a right angle to generate maximum torque. Additionally, they can be used as a screwdriver, with the key folded out to a firm stop. As with all other Eklind Hex Key products, we use the highest quality 8650 Chrome Nickel Alloy Hex Steel that is heat treated for superior strength and finished to resist rust. Eklind keys provide maximum torque and wear resistance.

INCH, METRIC AND TORX® SETS

A variety of inch and metric sets are available in both regular Hex and Ball-Hex series. Small, medium and large size handles offer the proper amount of torque for the application.

Ball-Hex Sets offer 360 degrees of rotation at up to a 35 degree angle.

Tamper Resistant - For "Pin in Socket" Torx® Fasteners.

Torx® sets cover a wide scope of applications including; automotive headlights, taillights and trim, power tools, carbide inserts in cutting tools, appliances and electronics.

COMBO SETS

SCREWDRIVER SETS

These convenient sets are ideal in the glove compartment and kitchen or desk drawers.

As Strong As Steel...Guaranteed Forever!

TORX® tools drive all TORX®, TORX PLUS® and "star" fasteners. TORX® and TORX PLUS® are registered trademarks of the Camcar Division of Textron, Inc.

BALL•HEX•L™

BALL•HEX•L™ KEY SETS

Eklind Ball-Hex-L™ Keys are designed with a ball profile on the long arm. This feature provides 360 degrees of rotation at up to a 35 degree angle. The burr-free short arm allows the user to apply maximum torque in required applications. Sets are contained in a compact molded holder that firmly retains each key in designated holes. The molded holders are color-coded, red for inch sizes and blue for metric sizes.

Eklind Ball-Hex-L™ Key Sets are available in a variety of inch and metric sizes. Each set is contained in a convenient compact molded holder that firmly retains each key in designated holes. The molded holders are color coded which makes them instantly identifiable; red for inch sizes, and blue for metric sizes.

BALL•HEX•L™ COMBINATION SETS

Combination Sets are available in popular inch and metric sizes and in Ball-Hex-L™ or Ball-Hex-L™ and Ergo-Fold™ Sets.

URNS 360°
AT UP TO A
35° ANGLE

BALL•TORX® KEY SETS

The short arm has a standard Torx® tip. The long arm has a ball tip which is engineered to drive the Torx® fastener at up to a 35 degree angle.

TORX® tools drive all TORX®, TORX PLUS® and "star" fasteners. TORX® and TORX PLUS® are registered trademarks of the Camcar Division of Textron, Inc.

TORX® tools drive all TORX®, TORX PLUS® and "star" fasteners.

BALL•HEX•DRIVERS™

Ball-Hex-Drivers™ provide 360 degrees of rotation at up to a 35 degree angle. Large diameter tools have bigger handles for better grip and superior torque. Small diameter tools feature a precision style handle with a finger rest at the top. Handles and pouches are color coded; red for inch sizes and blue for metric sizes

This universal stand will accommodate a wide variety of Eklind products (T-Keys and Ball-Hex-Drivers™) in inch and metric sizes. They can be attached to a wall, to a bench or to each other.

Eklind BALL•HEX•DRIVER™ SETS

POWER-T™ KEY SETS

Eklind Power-T™ Keys feature an ergonomic, textured, slip-resistant grip which provides extra torque and safety. Our keys are manufactured from the highest quality hex steel, heat treated for maximum strength and finished to resist rust.

- ◆ **STRENGTH**
- ◆ **COMFORT**
- ◆ **SAFETY**

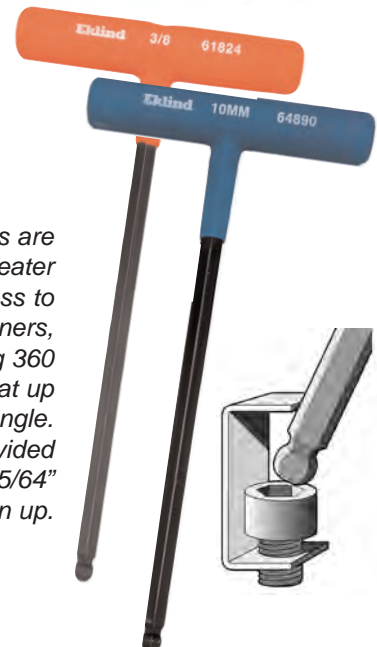

Power-T™ Keys are available in Standard Hex, (6" & 9" shaft lengths), Ball-Hex (9" shaft lengths), and Torx® (6" shaft lengths). Hex and Ball-Hex Keys are offered in popular inch and metric sizes.

This universal stand will accommodate a wide variety of Eklind products (Inch, Metric and Torx®). They can be attached to a wall to a bench, or to each other.

★ *Drives both Torx® & Torx Plus® Fasteners. Applications include automotive headlights, taillights and trim, power tools, carbide inserts in cutting tools, appliances and electronics.*

The Ball-Hex Keys are designed with greater length allowing access to hard to reach fasteners, and providing 360 degrees of rotation at up to a 35 degree angle. Ball-Hex tips are provided on all sizes from 5/64" and 2mm on up.

Handles and pouches are color-coded; red for inch sizes, blue for metric sizes, and green for Torx® sizes.

TORX® tools drive all TORX®, TORX PLUS® and "star" fasteners. TORX® and TORX PLUS® are registered trademarks of the Camcar Division of Textron, Inc.

HEX T-KEY SETS

These HexT-Keys feature a one piece loop handle construction for extra strength. Sets are available in bench sets with stand. Pouch sets fit compactly into a toolbox or hang in the workshop. Popular inch and metric sets are available in both 6" and 9" lengths. Cushion Grip Sets provide extra comfort. Standard Grip Sets offer a more economical option.
