Smooth to Semi-Smooth Surfaces

2218A

Item no.	Description
2218A	18" Assembled fine sweep indoor push broom
2224A	24" Assembled fine sweep indoor push broom

- Fine, split-tip synthetic bristles, 3" trim length
- Sweeps fine debris such as: dust, sand, wood shavings and light dirt from smooth and semi-smooth surfaces
- For indoor use under dry conditions such as body shops, offices, woodworking shops, warehouses, hospitals and household garages
- Assembled with 1 1/8" x 60" bolt-on connector handle and steel brace

Item no.	Description
3024	24" Fine to medium debris push broom head

- Split-tip synthetic bristles with two rows of steel wire center, 3" trim length
- Sweeps fine dust and heavier debris such as: drywall dust/debris, nails and wood shavings
- For indoor/outdoor use under dry conditions such as: new construction, remodeling and aggregate textured surfaces. Not for use on finished hardwood floors

3224

Item no.	Description
3224	24" Fine to medium debris Tampico push broom head
3236	36" Fine to medium debris Tampico push broom head
3224A	24" Assembled fine to medium debris Tampico push broom

- Natural, heat-resistant Tampico bristles, 2 7/8" trim length
- Sweeps medium debris such as: metal shavings, filings and industrial chemicals
- For indoor/outdoor use under dry conditions such as: foundries and welding shops. Especially suitable for high temperature surfaces or debris
- 3224A comes assembled with 1 1/8" x 60" bolt on connector handle and steel brace

Medium to Rough Surfaces

Item no.	Description
3424A	24" Assembled all purpose push broom

- Medium-stiff synthetic bristles center with fine, split-tip border bristles, 3" trim length
- Sweeps dust and mid-weight debris such as: dirt, dust, leaves and gravel
- For indoor/outdoor use under dry conditions on medium to rough surfaces such as asphalt, concrete or wood
- Assembled with 1 1/8" x 60" bolt-on connector handle and steel brace

Item no.	Description
3530A	30" Assembled medium to stiff push broom

- Medium-stiff synthetic bristle center with fine, split-tip border bristles, 3" trim length
- Sweeps dust and mid-weight debris such as: dirt, dust, leaves and gravel
- For indoor/outdoor use under dry conditions on medium to rough surfaces such as asphalt, concrete or wood
- Assembled with 1 1/8" x 60" bolt-on connector handle and steel brace

Item no.	Description
5424	24" Medium debris Tampico push broom head

- Two rows of steel wire bristles surrounded by natural, heat-resistant Tampico bristles, 2 7/8" trim length
- Sweeps medium and heavy debris such as: tough dirt, metal shavings, slag and other hot debris
- For indoor use under dry conditions such as: foundries, plastic factories, welding shops and aluminum plants

Item no.	Description
6724A	18" Assembled medium debris outdoor push broom

- Medium-stiff, solvent-resistant center, fine split-tip border bristles, 3" trim length
- Sweeps fine and medium debris such as: dust, light gravel, nails and metal shavings
- For outdoor use under dry conditions such as: driveways, sidewalks, asphalt, streets and warehouses
- Assembled with 1 1/8" x 60" bolt-on connector handle and steel brace

- Ideal for kitchens, utility rooms, offices, beauty and barber shops

Item no.	Description
4001	Angle broom with 6 1/2" plastic cap, trim length tapered 5" to 4"
4040	Angle broom with 9" plastic cap, trim length tapered 8" to 6"

- Fine, split-tip synthetic bristles
- 54" overall length
- 7/8" x 47" Plastic handle with hang-up swivel cap
- Ideal for light-duty jobs

Item no.	Description
4042	Large angle broom and whisk broom in one

- Fine, split-tip synthetic bristles, 4 1/2" to 4" trim length
- 54" Overall length
- 7/8" x 48" Metal handle with hang-up cap
- Ideal for kitchens, bathrooms and foyers

Upright and Angle Brooms

Item no.	Description
4043	Jumbo angle broom

- Medium, split-tip synthetic bristles, tapered 7" to 6" trim length
- 54" Overall length
- 7/8" x 48" Metal handle with hang-up cap
- Ideal for kitchens, bathrooms, foyers and garages

Item no.	Description
4045	Professional large angle broom
4045-480	Professional large angle broom with 12" plastic dustpan clipped to handle

- Stiff, split-tip synthetic bristles, tapered 7" to 5 1/2" trim length
- 54" overall length
- 15/16" x 48" Metal handle with hang-up cap
- Ideal for hardwood floors, tile, linoleum and smooth concrete
- Packaged with UPC code for retail

Item no.	Description
4045L	Synthetic lobby broom

- Split-tip bristles for fine dust
- 3/4" x 30" Metal handle, 38" overall length

Item no.	Description
4046	All purpose angle broom

- Stiff, split-tip recycled synthetic bristles, 7" – 5 1/2" trim length
- 48" Threaded handle with hang-up cap, 54" overall length
- For indoor/outdoor use under dry conditions on smooth to semi-smooth surfaces

Item no.	Description
471012	12" Upright broom with foam block

- Mixture of fine and medium-stiff synthetic bristles, 3 1/8" trim length
- Foam block made from recycled plastic
- Threaded handle hole, 90° angle
- Ideal for use in the food industry where wood blocks are not accepted

Squeegee blades are firmly anchored between heavy-gauge, powder-coated steel strips secured by plated 1/4" bolts. Handles and accessories sold separately.

Floor Squeegees

Item no.	Description
24724	24" Curved double-edge rubber squeegee
24824R	Replacement, refill blades for 24724
24730	30" Curved double-edge rubber squeegee
24830R	Replacement, refill blades for 24730
H24736	36" Curved double-edge rubber squeegee
24836R	Replacement, refill blades for 24736

24724

- Rubber blade, 1/4" thick x 3 1/2" wide
- Effectively cleans heavy debris on all types of surfaces
- Curved ends enhance debris containment

Item no.	Description
H24818	18" Double-edge rubber squeegee
24818R	Replacement, refill blades for H24818
H24824	24" Double-edge rubber squeegee
24824R	Replacement, refill blades for H24824
H24830	30" Double-edge rubber squeegee
24830R	Replacement, refill blades for H24830
H24836	36" Double-edge rubber squeegee
24836R	Replacement, refill blades for H24836

H24824

- Rubber blade, 1/4" thick x 3 1/2" wide
- Effectively cleans heavy debris on all types of surfaces
- Reversible blades extend squeegee life

Item no.	Description
25524	24" Double-edge moss foam squeegee
25524R	Replacement, refill blades for 25524
25530	30" Double-edge moss foam squeegee
25530R	Replacement, refill blades for 25530
25536	36" Double-edge moss foam squeegee
25536R	Replacement, refill blades for 25536 and 25636
25636	36" Double-edge curved moss foam squeegee

25524

- Two moss foam blade, 3/8" thick x 3 1/2" wide
- Effectively cleans light and medium debris on smooth and semi-smooth surfaces
- Two reversible blades extend squeegee life and provide quick-drying action

Floor Squeegees

Squeegee View

Item no.	Description
24224	21st Century Powrwave® floor squeegee
24224A-2	24" Assembled with 1 1/8" x 60" wood handle and steel brace with blue painted tip
5324224A	24" Assembled with 1 1/8" x 60" wood handle and steel brace, with red painted tip

24224A-2

- 24" rubber blade, 1/4" x thick x 3 1/2" wide
- Powrwave® is the most effective advancement in wet conditions through its unique "fluid directional control." This lightweight, 24" gated squeegee moves as much fluid as a 36" curved squeegee. The directional gates make it 40% more effective than any other squeegee. The squeegee blade is firmly anchored between extra-strong plastic plates. Reversible squeegee rubber provides twice the life and use of a single-edge squeegee. Use Harper 248HAS handle and H81 brace to ensure distribution of load and shock
- Patented design

The patented PowrWave® Squeegee moves the most liquid

Floor Squeegees

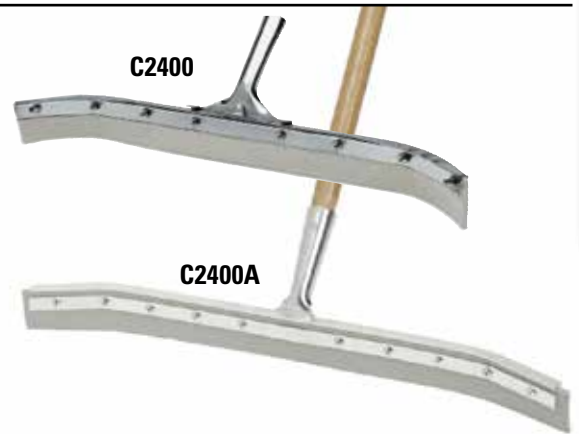

Item no.	Description
2400	24" Single-edge floor squeegee

- Vinyl blade, 1/4" thick x 2" wide
- Effectively cleans heavy debris on all types of surfaces
- Heavy-duty, 14-gauge zinc plated steel frame
- Socket included, accepts tapered handles

Item no.	Description
C2400	24" Curved single-edge squeegee
C2400A	24" Assembled with 1 1/8" x 60" wood handle
C3600	36" Curved single-edge squeegee

- Vinyl blade, 1/4" thick x 2" wide
- Effectively cleans heavy debris on all types of surfaces
- Curved ends enhance debris containment
- Socket included, accepts tapered handles

Item no.	Description
25018	18" Moss foam rubber squeegee

- Twin moss foam rubber blade, 3/8" thick x 1 1/2" wide
- Effectively cleans light and medium debris on smooth and semi-smooth surfaces
- Reversible blades extend squeegee life and provide quick-drying action
- Socket included, accepts tapered handles

Item no.	Description
25322	22" Moss foam rubber squeegee, 3/8" thick x 1 1/2" wide
25322A	22" Assembled with 15/16" x 54" wood handle
25330	30" Moss foam rubber squeegee, 3/8" thick x 2" wide

- Twin moss foam rubber blade
- Effectively cleans light and medium debris on smooth and semi-smooth surfaces
- Blades provide quick-drying action
- Socket included
- Recommended handle: 253H

Squeegee Connectors and Braces

Item no.	Description
H81	Squeegee brace, powder-coated metal
81-253	Brace for 25322 and 25330
240	Squeegee connector, powder-coated metal, angled for straight floor squeegees
240-45	Squeegee connector, durable metal alloy, angled for curved floor squeegees
241	Squeegee connector, durable plastic, angled for straight floor squeegees
243	Squeegee connector, durable plastic, angled for straight and curved floor squeegees, will not fit Harper Powrwave® floor squeegee

- Socket included
- Handles sold separately

Rakes

Item no.	Description
610	21" Wide Lawn/landscaping rake

- Polycarbonate head
- Includes 15/16" x 60" fiberglass handle

Long Reach Duster

Item no.	Description
H323	70" Long reach duster

- Duster for hard to reach areas
- 70" Telescopic handle

Item no.	Description
T926E	30" - 42" Natural lambs wool duster

- Duster for hard to reach areas
- Plastic handle
- Twist and lock extendable handle

Brushes

Counter Brushes

Item no.	Description
453	14" Horsehair counter brush

- Natural Horsehair bristles, 2 1/4" trim length
- 8" Sweeping face
- Wood block
- Ideal for fine debris on smooth surface

Item no.	Description
H454	14" Horsehair blend counter brush

- Natural Horsehair/synthetic blend bristles, 2 1/4" trim length
- 8" Sweeping face
- Wood block
- Ideal for fine debris

Item no.	Description
457-1	14" Synthetic counter brush

- Split-tip synthetic bristles, 2 1/4" trim length
- 8" Sweeping face
- Wood block
- Ideal for fine debris on wet or dry surfaces

Item no.	Description
457-4	14" Stiff synthetic counter brush

- Synthetic, stiff center and fine border bristles, 2 1/4" trim length
- 8" Sweeping face
- Wood block
- Ideal for medium debris on wet or dry surfaces

Item no.	Description
471	14" Synthetic counter brush

- Synthetic, stiff center and fine border, 2 1/4" trim length
- 8" Sweeping face
- Wood block
- Ideal for medium debris

Counter Brushes

Item no.	Description
H667	14" Plyer counter brush

- Plyer, blue bristles, 2 1/4" trim length
- 8" Sweeping face
- Plastic block
- Ideal for fine debris

Item no.	Description
656V	14" Stiff synthetic counter duster

- Stiff synthetic bristles, 2 7/8" Trim length
- Large sweeping face
- Plastic ergonomic handle
- Ideal for large debris

Item no.	Description
657V-4	14" Synthetic counter duster

- Split-tip synthetic bristles, 2 7/8" trim length
- Large sweeping face
- Plastic ergonomic handle
- Ideal for fine debris

Utility Brushes

Item no.	Description
221	8 1/2" Synthetic utility brush
231	20" Synthetic utility brush

- Soft synthetic bristles
- Raised handle with finger grooves
- Plastic block
- Ideal for light scrubbing

Item no.	Description
224	8 1/2" Nylon utility brush
234	20" Nylon utility brush

- Crimped nylon Bristles
- Raised handle with finger grooves
- Plastic block
- Ideal for medium scrubbing

Utility Brushes

Item no.	Description
226	8 1/2" Stiff synthetic utility brush
236	20" Stiff synthetic utility brush

- Stiff synthetic bristles
- Raised handle with finger grooves
- Plastic block
- Ideal for heavy scrubbing

Item no.	Description
H281	8 1/2" Tampyl utility brush
291	20" Tampyl utility brush

- Acid-resistant tampyl bristles
- Raised handle with finger grooves
- Plastic block
- Ideal for medium scrubbing

Item no.	Description
282	8 1/2" Palmyra utility brush
292	20" Palmyra utility brush

- Natural Palmyra bristles
- Raised handle with finger grooves
- Plastic block
- Ideal for heavy scrubbing

Item no.	Description
283	8 1/2" Tampico utility brush

- Natural acid resistant Tampico bristles
- Raised handle with finger grooves
- Plastic block
- Ideal for medium scrubbing

Utility Brushes

Item no.	Description
284	9" PET utility brush
294	20" PET utility brush

- Fine, split-tip recycled PET synthetic bristles
- Raised handle with finger grooves
- Recycled polypropylene block
- Ideal for medium scrubbing

Scrub Brushes

Item no.	Description
132	3 Pack tile and grout brushes

- Synthetic bristles, 1/2" trim length
- Plastic block and handle
- Ideal for hard-to-reach areas

Item no.	Description
163	8" Tampico scrub brush

- Acid-resistant Tampico bristles, 1 1/4" trim length
- Wood block, one threaded 45° handle hole
- Ideal for cleaning decks, concrete and masonry

Item no.	Description
166	6" Curved scrub brush

- Crimped synthetic bristles, 1 1/2" trim length
- Plastic, curved block
- Stiff bristles for tough scrubbing

Item no.	Description
179	8" Palmyra scrub brush

- Natural Palmyra bristles, 1 1/4" trim length
- Wood block, one threaded 45° handle hole
- Ideal for rough wet or dry surfaces

Scrub Brushes

Item no.	Description
180	9" Pointed-end scrub brush

- Synthetic bristles, 1" trim length
- Plastic block with finger grooves
- Hanging hole for easy storage

Item no.	Description
182	9" Pointed-end scrub brush

- Acid-resistant Tampico bristles, 1" trim length
- Wood block
- Grooved edges for secure grip

Item no.	Description
601	4 3/4" Hand and nail brush

- Synthetic bristles, 1" trim length
- Wood block
- 4 1/2" x 1" Scrubbing face

Item no.	Description
NBHW-0007	4" Synthetic Iron Handle Hand & Nail Brush

- Raised handle brush
- Plastic block and handle
- Protects hands and knuckles while cleaning

Deck and Wall Brushes

Item no.	Description
325	8" Assembled deck brush with handle

- Synthetic, blue bristles, 1" trim length
- Plastic block, threaded hole
- 7/8" x 48" Metal handle

Deck and Wall Brushes

561912A

Item no.	Description
561912A	12" Assembled deck brush with blue tip handle
53561912A	12" Assembled deck brush with red tip handle

- Stiff synthetic bristles, 2" trim length
- Hardwood block, slotted for bolt-on connector
- 1 1/8" x 60" wood bolt-on handle
- Ideal for scrubbing decks and concrete

Item no.	Description
690210A	10" Assembled deck brush with handle

- Synthetic bristles, 1" trim length
- Plastic block, threaded hole
- 15/16" x 54" Metal handle

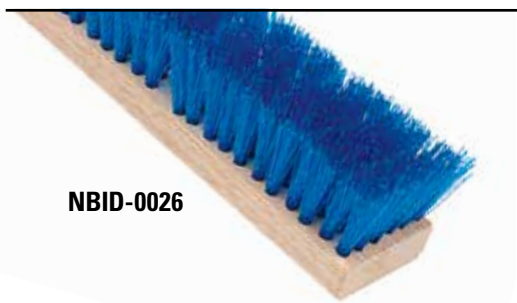

NBID-0055

Item no.	Description
NBID-0005	10" Palmyra block brush
NBID-0055	12" Palmyra block brush

- Natural Palmyra bristles, 2" trim length
- One tapered and one threaded handle hole
- Hardwood block
- Ideal for heavy-duty scrubbing on rough surfaces

NBID-0026

Item no.	Description
NBID-0006	10" Synthetic block brush
NBID-0026	12" Synthetic block brush

- Crimped synthetic bristles, 2" trim length
- One tapered and one threaded handle hole
- Synthetic bristles are impervious to most solvents

Deck and Wall Brushes

Item no.	Description
NBID-0025	10" Palmyra squeegee block brush

- Natural Palmyra bristles, 2" trim length
- One tapered and one threaded handle hole
- Hardwood block
- Squeegee secured by staples within groove of block

Item no.	Description
897510	10" Tri-level brush

- Stiff crimped synthetic bristles, 2 1/2" trim length
- Threaded handle hole
- Plastic block
- Block and bristle design allow for three distinct washing angles
- Ideal for scrubbing concrete, tile floors and walls

Cleaning tools for every surface,
every type of dirt and debris

DURABILITY PROS RELY ON

426SC-08	18" Side clipped with a 15/16" x 54" metal handle with threaded dura tip, 8 pieces per standard pack box.

426SC-08

- Natural Palmyra bristles, 2 1/8" trim length
- Heavy duty wood block with threaded handle hole
- Rubber squeegee

Item no.	Description
501T-14	6" 3-Knot roof brush, 14 in cut case

- Acid-resistant, natural Tampico bristles, 4" trim length
- Sturdy steel ferrules
- Heavy duty wood block with threaded handle hole

Building Material Brushes

Item no.	Description
547-8	Masonry brush, 8 in cut case

- Acid-resistant, natural Tampico bristles, 4" trim length
- Heavy-duty wood block with red handle
- Ideal for applying solutions and coatings

Item no.	Description
557-12	9" Tampico roof coat brush, 12 in cut case

- Acid-resistant, natural Tampico bristles, 2" trim length
- Wood block with threaded handle hole
- Fits 5-gallon buckets and pails

Item no.	Description
548CC	6 1/2" Masonry brush, 10 in cut case

- Acid-resistant, natural Tampico bristles, 4" trim length
- Plastic block with hang-up hole for easy storage
- Ideal for applying coatings

Item no.	Description
549CC	4 3/4" Masonry brush

- Crimped synthetic bristles, 2 1/2" to 3" trim length
- Plastic block with hang-up hole for easy storage
- Ideal for texture and stippling effects

Item no.	Description
36624	24" Cement finishing brush

- Soft nylon bristles, 2 1/2" trim length
- Wood block, two threaded handle holes
- Rinses quickly and easily

Wire Brushes

Item no.	Description
524	14" Wire scratch brush

- Wire bristles, 1" trim length
- Curved wood block
- 3 x 19 Rows

Item no.	Description
5242	7" Wire brush

- Wire bristles, 1 1/2" trim length
- Wood block
- 6 x 19 Rows

Item no.	Description
NBID-0009	14" Wire scratch brush with scraper

- Wire bristles, 1" trim length
- Wood block
- 3 x 19 Rows

Miscellaneous Brushes

Item no.	Description
340	8" Window brush

- Tampyl bristles, 2 1/2" trim length
- Wood block with threaded handle hole
- Ideal for any glass surface

Item no.	Description
595	Boot brush

- Synthetic bristles, 2 1/2" trim length
- Designed to clean front, back and side of shoe and boots
- Brushes flip over to expose steel scraper bar

Miscellaneous Brushes

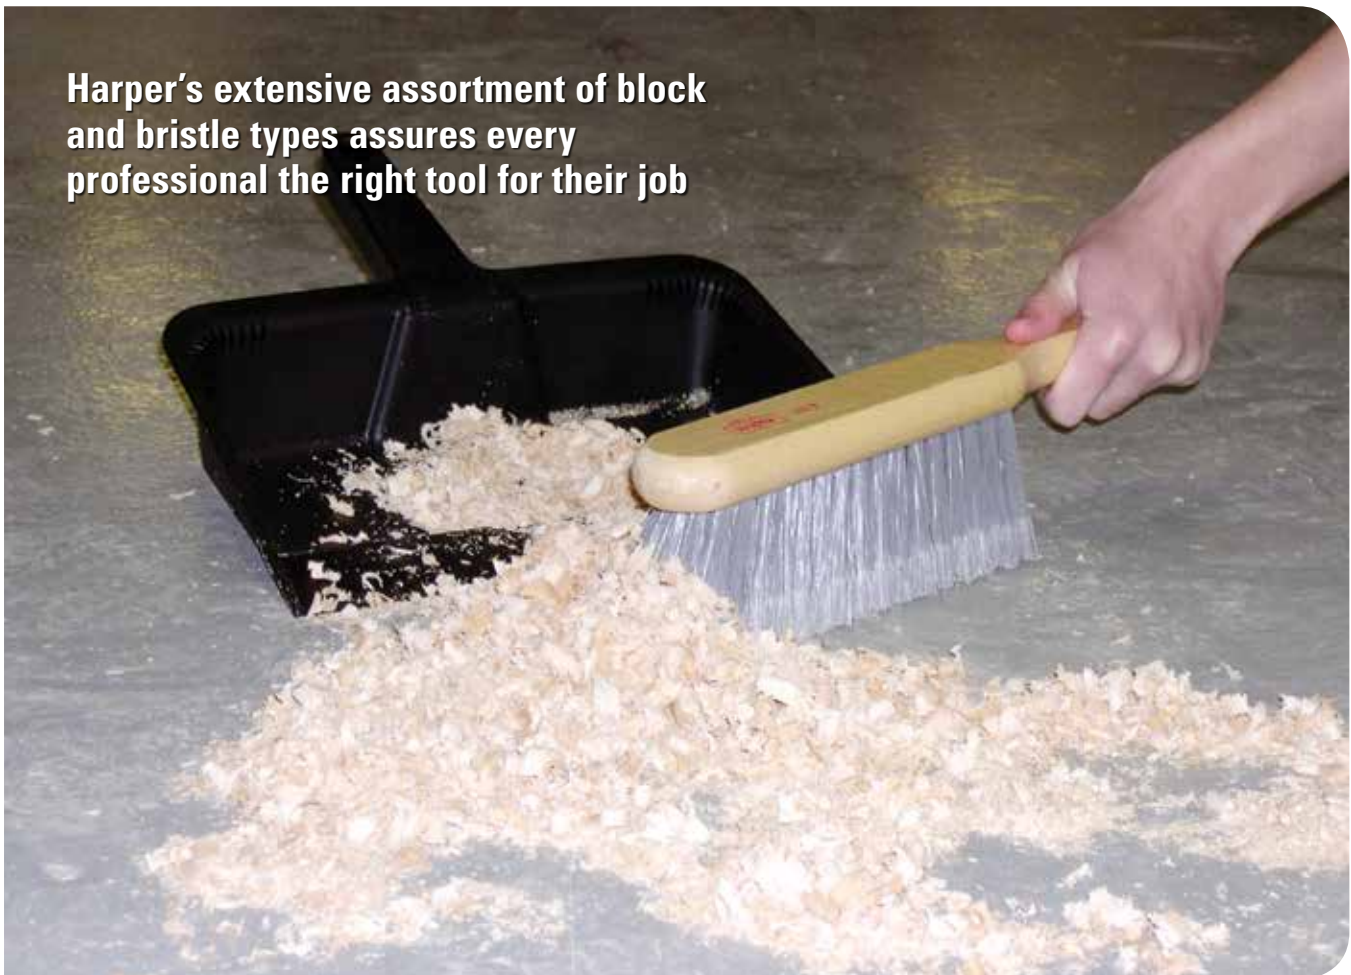

Item no.	Description
576	12" BBQ brush with metal scraper

- Crimped stiff brass bristles, 3/8" trim length
- Plastic block and handle with hang-up hole for easy storage

Item no.	Description
578	20" Crimp brass BBQ brush with handle grip

- Crimped stiff brass bristles, 3/8" trim length
- Plastic block and handle with hang-up hole for easy storage

Harper's extensive assortment of block and bristle types assures every professional the right tool for their job

Wet Mops

Mopping is more than a one mop fits all activity. Harper® yarn mops come in a wide variety of styles, sizes and materials. The three primary styles are cut-end, looped-end and screw-on. Sizes are measured in either numbers, ounces or small, medium, large and extra-large (S, M, L, XL). Material options are cotton, rayon, nylon, synthetic blend, or microfiber. Handles are sold separately.

40660	60" Premium cotton dust mop

- Looped end
- Fabric back with snap closures
- Fits 5" metal frames

Wire Frames

40624F

Item no.	Description
40618F	18" Metal frame for dust mops
40624F	24" Metal frame for dust mops
40636F	36" Metal frame for dust mops
40648F	48" Metal frame for dust mops
40660F	60" Metal frame for dust mops

- 5" Wide
- For use with quick release handles

Handles Dust Mop

Item no.	Description
40660H	60" Dust mop handle, standard pk of 12

- 1 1/8" Wood construction
- Sanded and lacquered
- Quick release connector for metal dust mop frames
- Metal connector swivels for ease of use

Good absorption and water retention for efficient cleaning done right the first time

Whether you've got a large area such as an airplane, or the awkward space of an automobile interior, Harper® has what it takes to get the job done. Built for the toughest grime, but yet soft enough to use on the finest of finishes, Harper's® wash brushes are different than other brushes in that they are made to retain water, and will hold up when immersed for hours. Harper® also has brushes developed for washing trucks with strong acid solution.

All Purpose Wash Brushes

Item no.	Description
685508	8" Plastic block with vinyl protective bumper
685508X	8" Plastic block
685510	10" Plastic block with vinyl protective bumper
685510X	10" Plastic block

- Soft, split-tip nylon bristles, 2 1/2" trim length
- Provides non-scratch performance and maximum liquid retention
- Ideal for automotive and marine applications

Item no.	Description
686410X	10" Plastic block

- Split-tip, acid-resistant synthetic bristles, 2 1/2" trim length
- Extremely durable
- Ideal for heavy-duty use in areas such as: fertilizer plants, kennels, anhydrous ammonia plants and recreational departments

Item no.	Description
686508	8" Plastic block with vinyl protective bumper
686508X	8" Plastic block
686510	10" Plastic block with vinyl protective bumper
686510X	10" Plastic block

- Split-tip, acid-resistant tampyl bristles, 2 1/2" trim length
- Extremely durable
- Ideal for cement contractors, cement trucks and use with strong acid solutions

All Purpose Wash Brushes

Item no.	Description
686608	8" Plastic block with vinyl protective bumper
686610	10" Plastic block with vinyl protective bumper
686614	14" Plastic block

- Soft, split-tip nylon bristles, 2 1/2" trim length
- Provides non-scratch performance and maximum liquid retention
- Ideal for automotive and marine applications

Item no.	Description
687310	10" Plastic block with vinyl bumper
687310A	10" Plastic block with vinyl bumper assembled with 15/16" x 54" metal handle, packaged with UPC code for retail

- Split-tip synthetic bristles, 2 1/2" trim length
- Extremely durable
- Ideal for heavy-duty use in areas such as: trucking companies, construction sites, farms, grain elevators and recreational departments

Tri-Level All Purpose Wash Brushes

Item no.	Description
885510	10" Plastic tri-level block

- Soft, split-tip nylon bristles, 2 1/2" trim length
- Block and bristles design allow for three distinct washing angles
- Structural resin block, threaded handle hole
- Ideal for automotive and marine applications

Item no.	Description
885510-W	10" Plastic tri-level block with filled ends

- Soft, split-tip nylon bristles, 2 1/2" trim length
- Plastic block ends are not exposed, reducing the possibility of scratching
- Structural resin block, threaded handle hole
- Ideal for washing grills and wheel rims

Item no.	Description
886510	10" Plastic tri-level block

- Split-tip, acid-resistant tampyl bristles, 2 1/2" trim length
- Block and bristles design allow for three distinct washing angles
- Structural resin block, threaded handle hole
- Ideal for cement contractors washing trucks in strong acid solutions

Item no.	Description
887310	10" Plastic tri-level block
887310A	10" Assembled plastic tri-level block with 15/16" x 54" metal handle

- Split-tip synthetic bristles, 2 1/2" trim length
- Block and bristles design allow for three distinct washing angles
- Structural resin block, threaded handle hole
- Ideal for heavy-duty use in areas such as: trucking companies, farms, grain elevators and recreational departments

Specialty Wash Brushes

Item no.	Description
H356	4 1/4" Wheel brush

- Split-tip synthetic bristles, 3 1/4" trim length
- Flow-through plastic block with threaded 45° handle hole
- Ideal for cleaning wheels and rims

Specialty Wash Brushes

Item no.	Description
695508V	8" Wash brush
695510V	10" Wash brush

- Split-tip synthetic bristles, 2 7/8" trim length
- Safe on all surfaces
- Bristles feature maximum liquid retention

Item no.	Description
895510V	10" Bi-Level wash brushes with distinct washing angles

- Split-tip synthetic bristles, 2 7/8" trim length
- Safe on all surfaces
- Bristles feature maximum liquid retention

Item no.	Description
H561	Nylon detail brush
H563	Stainless steel detail brush

- Quality nylon or steel bristles, 1/2" trim length
- Plastic toothbrush-style handle, 7 1/4" overall length
- Ideal for cleaning small, hard-to-reach areas in a variety of applications

Item no.	Description
566	7" Detail brush kit, 3-pack

- Synthetic, stainless steel and brass bristles, 1/2" trim length
- Wood toothbrush-style handle 7" overall length
- Ideal for cleaning small, hard-to-reach areas in a variety of applications

Item no.	Description
H574	8 1/4" Tire and wheel brush

- Crimped synthetic bristles, 1/2" trim length
- Quality resin block, with hang up hole
- Ideal for cleaning tire sidewalls and rims

Vehicle Cleaning Accessories

Item no.	Description
530	11 1/2" Whisk broom

- 100% Broom corn bristles
- 2-sew
- Metal cap
- Hanging ring

Item no.	Description
20508	8" Windshield squeegee
20710	10" Windshield squeegee

- Rubber squeegee combined with net-covered sponge
- Threaded handle socket
- Handle #20720H sold separately

Item no.	Description
20808	8" Windshield squeegee

- Rubber squeegee combined with net-covered sponge
- Plastic head and handle
- Handle is 20" in length

Item no.	Description
448	Microfiber chamois

- Absorbs eight times its weight in water
- Microfiber Size: 28" x 38"

Item no.	Description
36460H	60" Flow-through handle

- Metal with hose connection on one end, threaded on the other
- Flow-through construction
- 1" diameter

Microfiber Cloths

T843

Item no.	Description
T843	16" x 16" Microfiber cleaning cloth, 1 pack
T843BP	16" x 16" Microfiber cleaning cloth, Bulk Pack (250)

- Grid pattern weave for tough cleaning jobs
- Little or no chemicals needed
- Washable and reusable

T844

Item no.	Description
T844	16" x 16" Microfiber glass & mirror cloth, 1 pack
T844BP	16" x 16" Microfiber glass & mirror cloth, Bulk Pack (250)

- Extra fine microfiber weave for streak free cleaning
- Washable and reusable

T845

Item no.	Description
T845	16" x 16" Microfiber all purpose polishing cloth, 1 pack
T845BP	16" x 16" Microfiber all purpose polishing cloth, Bulk Pack (250)

- Superb for polishing and wax removal
- Washable and reusable

T846

Item no.	Description
T846	16" x 16" Microfiber dusting cloth, 1 pack
T846BP	16" x 16" Microfiber dusting cloth, Bulk Pack (250)

- Cloths collect, capture and hold dust
- Washable and reusable

Microfiber Cloths

Item no.	Description
T847	5" x 14" Microfiber dusting sleeve, 1 pack

- Fits over standard lambs wool or polywool duster
- Washable and reversible
- Residue free

Mitts

Item no.	Description
T848	Green microfiber dusting mitt with thumb

- Cloths collect, capture and hold dust
- One size, fits most
- Tight elastic cuff

Item no.	Description
T849-5	7" X 10" White microfiber chenille super mitt

- Designed for streak free finish
- Elastic wrist band for comfort and secure fit

Accessories

Item no.	Description
86-88	Powder-coated metal, for 88 series tri-level wash brushes

Buckets and Dust Pans

Buckets

Item no.	Description
258-1	14 qt. Red Clean Rinse® plastic double bucket
258-2	14 qt. Blue Clean Rinse® plastic double bucket

- Dual cavities keep rinse water clean
- Tool holder and washboard features
- Packaged with UPC code for retail

Item no.	Description
H268	17 qt. Red Plastic bucket
268-13	17 qt. Gray Plastic bucket

- Easy-pour grip in back of bucket
- Heavy-duty metal bail with plastic grip
- Packaged with UPC code for retail

Item no.	Description
269	19 qt. Red plastic double bucket

- Dual cavities keep rinse water clean
- Heavy-duty metal bail with plastic grip
- Packaged with UPC code for retail

Dustpans

Item no.	Description
478	12" Plastic lobby dust pan

- Snap-locks for use and releases to dump or carry
- Aluminum handle with hang cap for easy storage, 39 1/2" overall length
- Handle clip for broom hanging on maid cart/trash can

- 36" x 90"
- Wheels make this merchandiser mobile. A wire grid accommodates smaller products, and stops at the base where dust pans can be displayed. Merchandise four feet of linear product in a minimal amount of space

Anatomy of a Harper® Push Broom

Broom Head

- Kiln-dried hard maple prevents warpage
- Smooth, polyurethane finish for added durability
- Trademarked painted ends on premium product line
- Wide selection of block lengths

Bristles

- Properly spaced rows of bristles sweep away debris with one push
- Correct flare and bristle length improves quality of performance
- Wide selection of natural and synthetic bristles

T-nut Hardware System

- 4-prong, self-locking t-nut and serrated bolt
- Firmly secures handle to broom head
- Durable, will withstand years of use

Steel Brace

- Reduces strain on handle
- Stabilizes broom head
- Long lasting powder-coated finish

Connector Tip

- Securely attaches handle to broom head
- Prevents broken and loose handles
- Easy to assemble
- Features reinforced sides for extra durability

Durable Handle

- Smooth lacquered finish
- Kiln-dried, close grained
- Wide selection of diameters and lengths

Connector Slots

- Provide added strength to handle
- Allow easy reversal of broom head
- Maintain block integrity
